Experience

Associate Engineer - Technology

Verticurl Marketing Pvt Ltd | Coimbatore, India

September 2021 – Present

- Managed and optimized **end-to-end marketing automation campaigns** for **3 enterprise clients** (Rockwell Automation, Johnson & Johnson, Intel) using **Oracle Eloqua, Salesforce Marketing Cloud, and Marketo**.
- Implemented **automation solutions** with **UIPath Studio**, reducing manual effort and improving efficiency.
- Utilized **Zoho CRM** for client relationship management, improving data accuracy and client engagement.
- Performed comprehensive email testing and quality assurance using **Email on Acid** and **Litmus** to ensure cross-client compatibility, responsive design, and optimal rendering across devices.
- Analyzed **consumer behavior data** and created actionable reports, improving campaign ROI.
- Collaborated with **cross-functional teams** to deliver digital marketing assets, accelerating delivery timelines.

December 2020 – September 2021

- Designed and implemented **user-centric UI/UX solutions** for multiple web applications, ensuring compliance with **WCAG/ARIA accessibility standards** and enhancing usability.
- Developed responsive front-end interfaces using **React JS, HTML5, CSS3**, ensuring cross-browser compatibility and mobile-first design principles which integrated seamlessly with **Laravel** and **Node.js** back-end systems.
- Created **custom CMS dashboards** tailored to client workflows, improving content management efficiency.
- Implemented **CI/CD pipelines** with GitHub Actions, reducing deployment time and improving release reliability.
- Designed and prototyped **mobile applications** with User Journey Mapping for Android, iOS, and cross-platform frameworks, focusing on intuitive navigation and seamless user experience.

Front-End Developer

Cloud Dreams | Coimbatore, India

March 2019 – December 2020

- Developed **100+ responsive websites** using **HTML5, CSS3, JavaScript, SCSS** with full cross-browser compatibility.
- Implemented advanced animations and interactive elements using **GSAP, Scroll Magic**, improving user engagement.
- Converted **PSD/XD designs** into pixel-perfect, fully functional HTML/CSS templates.
- Optimized assets and code to achieve **90%+ PageSpeed scores**, reducing load times to **less than 2 seconds**.
- Collaborated with designers in **Figma** and **XD** to translate wireframes into high-quality, production-ready code.
- Integrated **SEO best practices** into front-end builds, improving organic search visibility for client websites.

On-the-job Trainee – Web Design & Development

Infoem Solutions | Namakkal, India

December 2018 – January 2019

- Assisted in the development of **client websites** using **HTML5, CSS3, JavaScript, jQuery, PHP, MySQL**.
- Gained hands-on experience with **responsive design** techniques and cross-browser compatibility testing.
- Worked with **WordPress** and **Bootstrap** to create functional, mobile-friendly layouts.
- Collaborated with senior developers to troubleshoot and debug code, improving site performance and stability.
- Participated in **UI/UX design discussions**, contributing ideas for improving usability and accessibility.

Projects

Online Portfolio: <https://naveens-dan.github.io/Portfolio/>

- Developed a personal portfolio website entirely with **vanilla JavaScript** and **custom CSS**, showcasing interactive UI elements such as a custom cursor, 3D rotating cube, and particle animations to enhance visual engagement.
- Implemented a **Dark/Light theme toggle** with **localStorage persistence** to remember user preferences, and built a **custom search feature** with real-time filtering for improved navigation.
- Achieved a **100% Google PageSpeed score** on both mobile and desktop by optimizing assets, minimizing code.
- Designed with a **mobile-first, responsive layout** ensuring consistent UI across devices and screen sizes.
